Match date: 7-9 July 2023

Shooters: 54

Entry fee: 1500 NOK paid to SSI

Registration: Registration will open 16th of April (CET 20:00).

Registration main match here: <https://shootnscoreit.com/event/110/266/>

Make sure you have a registered user before the registration opens.

Program:

Friday 7/7-2023 1600, the match starts with a short safety and information brief. This brief is mandatory for all competitors. All competitors are divided into squads, and the members of the squads will remain in this configuration until the end of the match. New for 2023 is shooting RO in all squads. End time day one is approx 2300-0000.

Saturday 8/7-2023 0830, day two starts with a short brief at Thomasheimen, before squads are to hike up to the designated ranges and continue the shooting.

Maximum allowed caliber during match is, .30 cal, 67mm brass length. 300WM and equivalent. Max 950m/s. There will be unknown distances at the match, arranged by non shooting staff.

- Ammo count: 170-200 estimated (more info later)

- Max range: TBA

- PRS/Practical longrange style shooting

Allowed equipment:

The participants can bring shooting sling, etc. and use this if the stage allows. We're running the match in a "run what you brought" format. Meaning you can use 15 bags, 7 tripods and a garden gnome, but you carry everything from the beginning of the match. Less might be more.

Course:

The layout of the stages during the competition will be very varied and can be associated in several directions. So here the most complete shooter will get the best out of it. Should you fall through on a stage, you can feel more at home at other stages. After the end of the match, the goal will be to see satisfied participants who feel mastery and enjoyment around the shooting! This is nothing to fear, but something to look forward to.

To be clear, MSRC 2023 is NOT an 24hour match as original.

The participants are transported to and from two different main fields, but must get between the stages on foot.

Rules:

NPRF baseline rules will be followed.

Additional rules/guidelines for MSRC will be presented on location July 7th.

Registration: <https://shootnscoreit.com/event/110/353/>

Sunday 7/7-23 0800 the ELR competition starts with a match brief for the shooters that wishes to attend. In this match, there are few match rules but the safety rules always apply. The Sunday extra match does not apply to the NPRF series and don't cost anything to attend.

You are allowed to use any rifle as long as it is safe to operate. The MD has the right to deny any caliber or ammunition that he suspects will damage the steel targets. (12,7X99 with ball ammo is ok)

You are allowed to use a spotter, or two. Ballistic app and laser range finder is allowed.

You are allowed to use any tripod, bipod and monopod as long as it is safe to operate.

Sunday's «ELR» shooting will offer significantly longer distances as maximum to exploit some of the field's potential.

- Ammo count: max 36

- Max range: TBA

- Two classes, Light: .30 cal and down. Heavy: .338 and upwards.
